V – VM	and oversize “q”	C-13N Naval Science
Z – ZA	and oversize “q”	C-13N Publishing. Library Science. Bibliography

Shelving Information

Books in Library of Congress classifications are shelved in whole number order before the first decimal point, then in decimal order after the first decimal point. For example: HC79.E5G66; HC79.E5G7; HC103.S52; HC103.S6. A lowercase “x” after the decimal point has no significance.

Oversize volumes are designated by a “q” placed after the call number: AP20.R2425q. These books are usually shelved after all the non-oversize books on the same general subject. Pink stack markers indicate shelving for oversize books. Extra-large books, designated as “f” and “e”, are shelved in the designated location (XL), at C-18L.

Partial List of Designated Locations in Firestone

Only those collections described in SMALL CAPITALS may circulate.

Symbol	Begins at	Description
(Clas)	3-11G	CLASSICS COLLECTION

*Note: Books in these classifications are being transferred to an Annex library and may be requested from the Main Catalog or the New Catalog record.

■ Richardson Call Numbers

If the Richardson call number for a book located in Firestone (F) was converted to a Library of Congress call number, the old call number can be searched as a keyword. This feature should be useful if you want to update an annotated bibliography or research guide, for example, or if you want to find a book for which you have only an outdated call number.

■ To request a book from an Annex Library. . .

Submit a request via the “Request from Annex” link in the Main Catalog record for an item, or use the “annex request” button above the Search Request data. Items requested from an Annex will ordinarily be available within two working days.

■ To request a book from ReCAP. . .

Submit a request via the “Request from ReCAP” link in the Main Catalog record for an item, or use the “recap request” button above the Search Request data. Items requested will ordinarily be available within two working days.

■ Call Numbers for Materials in Microformat

Records in the Main Catalog for materials in microformat (microfiche, microfilm, microcard, and microprint) and for printed materials associated with them always provide location information. For assistance, please consult a librarian or inquire at the Microforms Service, A-11G Firestone Library.

■ Princeton University Ph.D. Dissertations

The archival, non-circulating copy of a dissertation may be consulted in the Mudd Library. In most cases, an additional copy is held in an Annex Library or in the branch library specified in the catalog record.
